LMEC/AICTE/Desirable-26/2025-26

Sir,

Sub: Rain Water Harvesting

Requirement for Technical Institution / Category: Desirable Document – 26

LATHA MATHAVAN ENGINEERING COLLEGE implemented rain water harvesting system to recharge ground water by collecting the rain water from the catchment areas from roof top of the all buildings. Institution makes use of borewell and open well to meet its water requirements. The water from the catchment areas area collected in large and deep well in the campus which is used for gardening, irrigation and also for all other water requirements in campus. The harvested water is used as longer-term storage as ground water recharge.
