Melur Taluk Madurai,, Kidaripatti, Tamil Nadu 625301. This Memorandum of
Understanding (hereinafter referred to as this "MoU") is made Effective on and from
(1/12/2025)

By and Between

Advanced Networking Technology, Madurai addressed on the, 67/1, SBI Colony Main Road,
Madurai, Tamil Nadu 625020. (Hereinafter refer to as "ANT" which expression, where the
context admits shall include its successors in interest and permitted assigns) of the FIRST
PART

And

Latha Mathavan Engineering College, Latha Mathavan Nagar, Near Alagarkovil Perumal
Temple, Melur Taluk Madurai,, Kidaripatti, Tamil Nadu 625301. (Here in after referred to as
LMGI, which expression, where the context admits can include its successors in interest and
permitted assigns) of the SECOND PART.

1. Introductory: Partnership Objective

- **Advanced Networking Technology** is engaged in Software Development, Skill Development, Research and Education in the fields of IT/ITES.
- **Latha Mathavan Engineering College** is a leading college of repute in **Madurai**, India offering advanced teaching & research programs in the field of Engineering and Technology.
- **The parties wish to cooperate with each other for mutual benefit.**

2. Scope of the MoU

- I. **Curriculum Design:** First Party will give valuable inputs to the Second Party in suitably customizing the curriculum so that the students fit into the industrial scenario meaningfully.
- II. **Industrial Training & Visits:** The interaction between the two parties will give an insight into the latest developments / requirements of the industries; the First Party to permit the Faculty and Students of the Second Party to visit its group companies and also involve in Industrial Training Programs for the Second Party. The First Party will provide its Labs/ Workshops/ Industrial Sites for the hands-on training of the learners enrolled with the Second Party
- III. **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of related to Contemporary Computer Science & Technology students of the institute.
- IV. **Skill Development Programs:** First Party to train the students of Second Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- V. **Guest Lectures:** First Party to extend the necessary support to deliver guest lectures to the students of the Second Party on the technology trends and in-house requirements.
- VI. Collaboration for supporting R&D projects
- VII. First party will support to deliver R&D projects through expertise hand and connecting to get supporting resources from other industry.

- VIII. Extending the support for making prototype for student's innovation.
- IX. First party will extend the support hand to make working prototype for student's innovation with supporting device or knowledge.
- X. **Faculty Development Programs:** First Party to train the faculty of Second Party as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- XI. Centre of Excellence (CoE) : serves as a dedicated hub within an institution aimed at fostering innovation, skill development, and research in emerging technologies or specialized fields. Its purpose is to bridge the gap between academic learning and industry demands by providing students and faculty access to state-of-the-art infrastructure, advanced training programs, and mentorship opportunities. By focusing on areas such as Artificial Intelligence, Cyber security, Data Science, Cloud Computing, and IoT, a CoE ensures that learners acquire industry-aligned skills and globally recognized certifications. These centers also act as platforms for collaborative research, entrepreneurial ventures, and job placement support, enhancing both individual careers and institutional reputation.
- XII. **Incubation program:** by Elysium Group of Companies offers a unique opportunity for selective students to nurture their professional skills in a dynamic and innovation-driven environment. By working within its **incubation center**, students gain hands-on experience in real-world projects under the mentorship of industry experts. This initiative focuses on fostering creativity, problem-solving, and entrepreneurial thinking among participants.
- XIII. The incubation center provides state-of-the-art facilities, including advanced technology labs, business support services, and access to industry networks. Students are encouraged to work on research and development, develop prototypes, and refine innovative business ideas. Additionally, they gain exposure to critical aspects of professional growth, such as project management, teamwork, and client interaction.
- XIV. Placement of Trained Students: First Party will actively engage to help the delivery of the training and placement of students of the Second Party into Internships/jobs. Elysium Group of Companies may offer selective students to work on its incubation center to develop their professional skill.

Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein

3. Intellectual Property

Nothing contained in this MoU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

4. Validity

This agreement/MoU shall come into force on the date when the MoU is signed by both the parties and remain in force for a period of **one year**. This MoU may be terminated by either party without assigning any reason thereof upon thirty (30) days written notice to the other party.

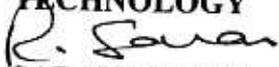

5. Relationship between the Parties

5.1. It is expressly agreed that **First Party** and **Second Party** are acting under this MoU as independent contractors, and the relationship established under this MoU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MoU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

5.2 Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996.

The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Madurai.
